this part, as determined by the Deputy Administrator, with care to avoid double counting, and with care to avoid a calculated loss that overstates the actual losses.

Payment pounds means the pounds of milk production from a dairy operation for which the dairy producer is eligible to be paid under this subpart.

Producer means any individual, group of individuals, partnership, corporation, estate, trust association, cooperative, or other business enterprise or other legal entity who is, or whose members are, a citizen of, or legal resident alien in the United States, and who directly or indirectly, as determined by the Secretary, shares in the risk of producing milk, and makes contributions (including land, labor, management, equipment, or capital) to the dairy farming operation of the individual or entity of the proceeds of this operation.

Starting base production means actual commercial production marketed by the dairy operation during the month of July 2004, or alternative period established by the Deputy Administrator.

Verifiable production records means evidence that is used to substantiate the amount of production marketed, including any dumped production, and that can be verified by CCC through an independent source.

§ 1430.303 Time and method of application.

(a) Dairy producers may obtain an Application, in person, by mail, by telephone, or by facsimile from any county FSA office. In addition, applicants may download a copy of the Application at *http://www.sc.egov.usda.gov.*

(b) A request for benefits under this subpart must be submitted on a completed Application as defined in § 1430.302. Applications and any other supporting documentation shall be submitted to the FSA county office serving the county where the dairy operation is located but, in any case, must be received by the FSA county office by the close of business on the date established by the Deputy Administrator. The closing date shall be no sooner than October 11, 2005. Applications not received by the close of business on such date will be disapproved as not having been timely filed and the dairy producer will not be eligible for benefits under this program.

(c) All persons who share in the risk of a dairy operation's total production must certify to the information on the Application before the Application is considered complete.

(d) Each dairy producer requesting benefits under this subpart must certify to the accuracy and truthfulness of the information provided in their application and any supporting documentation. All information provided is subject to verification by CCC. Refusal to allow CCC or any other agency of the Department of Agriculture to verify any information provided will result in a denial of eligibility. Furnishing the information is voluntary; however, without it program benefits will not be approved. Providing a false certification to the Government may be punishable by imprisonment, fines and other penalties or sanctions.

§ 1430.304 Eligibility.

(a) Producers in the United States are eligible to receive hurricane-related dairy disaster benefits under this part only if they have suffered dairy production or dairy spoilage losses in counties declared a disaster by the President due to any hurricane in 2004. To be eligible to receive payments under this subpart, producers in a dairy operation must:

(1) Have produced and commercially marketed milk in the United States and commercially marketed the milk produced during the 2004 calendar year;

(2) Be a producer on a dairy farm operation physically located in a disaster county where production and milk spoilage losses were incurred as a result of 2004 hurricanes, and limiting their claims to losses occurring in those counties;

(3) Provide proof of monthly milk production dumped and commercially marketed by all persons in the eligible dairy operation during the third quarter of the 2004 milk marketing year, or other period as determined by FSA, to determine the total pounds of eligible losses that will be used for payment; and
